EXPERIENCE

Froentend JavaScript Developer

Solvative

March 2024 – Present Ahmedabad

Web App

Contributed to E2E development of a web app using Next.js with Supabase as the database. Employed molecular code for reusable components.

- Next.js
- Supabase
- CSS, Tailwind, Bootstrap

Software Developer Engineer

Scalex Technology Solutions LLP

Dec 2022- March 2024 Pune

Front-End React JS/TS Developpe

Contributed to E2E development of a web app using React JS. Implemented user authentication, navigation, and a backend-driven UI. Utilized S3 bucket for data storage. Collaborated in a team and reviewed PRs. Achieved project goals, optimized code, and improved overall app performance. Reduced API calls by 40%, resulting in increase of 35% overall performance. Redux-thunk for state management and SCSS for styles.

- React JS/TS, Redux-thunk, SCSS
- Collaborative teamwork
- Code review
- Optimization and performance improvement
- Real-time noti cations (FCM)

Software Developer Intern

Newton School

March 2022–Nov 2022 Remote

- Basic Java, DSA
- Arrays, Strings, Stack, Queue, LinkedList, Tree, Graph, DP, Recursion
- HTML5
- CSS3
- JavaScript
- React JS

DEV TOOLS

VS Code Turbo C++ Postman

SKILLS

React JS/TS Next JS/TS Supabase
React Native HTML CSS
JavaScript/TypeScript DSA Redux
Redux-Thunk Axios Tailwind
SCSS Java

VERSION CONTROL

Git Github Gitlab

ACHIEVEMENTS

Solved more than 200+ DSA questions on various coding platforms like Leetcode, GFG, and CodingNinja.

EDUCATION

B.E. (EnTC)

SVERI'S COE, PANDHARPUR

Sept 2017 – June 2021

Percentage: 75%

CGPA: 8.9

PROJECT

Fathers Club

A Next.js/TS-based web application serving as a Software as a Service (SaaS) tool for volunteer fathers in the USA. The goal of the product is to involve fathers in the upbringing of their child.

CloudInSpot

A React JS/TS-based web application serving as a Software as a Service (SaaS) tool for cloud cost optimization.

Saviours

A React Native CLI-based Android mobile application designed as a platform to facilitate connections between individuals for a noble cause—blood donation.
